

OFFICIAL BUDGET QUOTATION

APP INFRASTRUCTURE & LEAD ENGINEERING SERVICES

REF: RTT-QUO-2026-001 | DATE: OCTOBER 2026
NAHCON LICENSED OPERATOR | NIGERIA & SAUDI ARABIA

TO (EXECUTIVE MANAGEMENT):
The Chairman & CEO
Raudah Travels & Tours Limited — Kano & Abuja, Nigeria

FROM (LEAD ENGINEERING):
Aliyu Wada — Lead Software Engineer
Full-Time On-Ground Lead Engineer (Kano State Base)

STRATEGIC OBJECTIVE: 100% DIGITAL OPERATIONS & 50%+ CUSTOMER SURGE BEFORE 2027

By or before 2027, all Raudah Travels operations (Hajj, Umrah, Flight Ticketing, Visa Verification, and Payments) will run fully online. Integrating the commercial Booking Engine and automated AI Registration will boost customer acquisition by at least 50%, amplified across strategic advertising channels (Meta/Google digital ads, targeted video reels, branded promotional flyers, and regional/national broadcast news channels).

ITEMIZED FINANCIAL SCHEDULE & BUDGET BREAKDOWN

#	Item Description & Operational Purpose	Category	USD Cost	NGN Equivalent (@ NGN 1,600/\$)
01	Commercial Flight Booking Engine License & API Support Full domestic (Air Peace, Max Air, Ibom, etc.) and international airline booking API integration, live GDS inventory, instant PNR generation, and automated ticket issuance to massively scale Raudah's flight operations nationwide.	Software License & API Setup	\$2,300.00	NGN 3,680,000.00
02	AI Fast-Registration Agent & Smart OCR Subsystem Custom AI WhatsApp/Telegram chatbot registration agent, automated passport biodata OCR scanning in <3 seconds, auto-face cropping, and automatic duplicate detection to speed up pilgrim onboarding with zero manual errors.	AI Technology Subsystem	\$250.00	NGN 400,000.00
03	Lead Software Engineer Monthly Retainer / Salary Full-time Lead Software Engineer dedicated to Raudah Travels. Covers on-ground relocation to Kano State, technical operations, server management, 24/7 app maintenance, feature rollouts, and accommodation transition.	Engineering Monthly Salary	—	NGN 350,000.00
SUBTOTAL (SOFTWARE LICENSES & AI SUBSYSTEM)			\$2,550.00	NGN 4,080,000.00
MONTHLY ENGINEERING SALARY (ON-GROUND LEAD ENGINEER)				NGN 350,000.00
TOTAL INITIAL COMMITMENT & DISBURSEMENT			\$2,550.00	NGN 4,430,000.00

* Note: Dollar components (\$2,550 total) are converted at a benchmark rate of 1 USD = 1,600 NGN or the prevailing commercial market rate at the date of disbursement.

KEY OPERATIONAL DELIVERABLES & BUSINESS IMPACT

- Instant Multi-Airline Booking Engine:** Enables pilgrims and agents to search, reserve, and pay for domestic & international flights directly on Raudah's portal with real-time seat availability and instant e-ticket issuance.
- Frictionless AI Pilgrim Registration:** Reduces registration time from 15 minutes to under 30 seconds via WhatsApp/Telegram and front-desk OCR, eliminating manual typing errors and passport scanning bottlenecks.
- Dedicated On-Ground Lead Technical Leadership:** Aliyu Wada relocates full-time to Kano State to work directly from the head office, guaranteeing zero platform downtime, swift feature rollouts, on-demand staff training, and continuous innovation.
